RUBY AWARDS 2022

AMERICAN SOCIETY OF INTERIOR DESIGNERS
TEXAS GULF COAST

# WINNER

Residential Small Firm - Bathroom

## Karen Black Interiors

Karen Black

Todd Rice/Rice Residential Design; BAS Concepts

This Primary Bathroom was designed to be a personal retreat for the homeowners, a place where they can escape the stresses of everyday life and connect with nature. Natural light pours into the space from the large clerestory windows. Wood elements in a variety of tones further tie this space to the outdoors, while the fluid movement of the veining in the shower surround alludes to flowing water and creates a feeling of serenity.
